

Hi guys,

I know you asked us to post a long time ago at Wal-mart, and it just has slipped my mind. I am so sorry!!! but...better late than never!

I went online and searched for your new email and tried to see where I could just post on the website, but couldn't find a link, so I'll write below and you can cut and paste!

Thank you again for all you did...it was great! maybe someday I can stop by and share pic's with you, even though it's been past a year. Graduate school has kept me more than busy, but i have 11 weeks left. I'm not at wally world anymore, i'm at

EMMC and loving it so far! It's always great to see you guys here and there around town, thanks for not snubbing us for neglecting our promise!!!

I hope all is well with both of you. keep in touch!

p.s. i recommend you guys to anyone looking for a dj!!! it was fun!

Brenda and Mike were nothing short of perfect at our wedding. They kept the reception flowing from the announcement of the wedding party to the cake cutting and bouquet toss. Had they not kept focused, we probably would have never gotten all the "traditions" done. They also provided some great entertainment with a "song competition" between the men and women. Though a little lengthy, everyone loved it. They catered to our every need from traveling to Caribou (yes, that's right! they are not out of reach!!!) to dressing to OUR preference (which we didn't care, personally) and offering an extremely competitive price. It was a pleasure for us to have them be a part of our special day, and I know the feeling was mutual for them as well. They will treat you like royalty...the way you should be treated on your wedding day!!! \*\*\*\*\*
