

You guys were great! Thank you SO MUCH for everything, you definitely helped us keep everything going smoothly. I could never have kept track of everything we were "supposed" to do at the reception!

The music you played was perfect too! I know we did not give you a whole lot of selections, but the songs you chose were just right to get people up and dancing. We couldn't have asked for better :)

My mom has decided that, with the exception of the tent (since it rained) hiring you guys to come was the best thing we did for this whole wedding thing, and coming from her, that's high praise.

Again, Thank you!
