

Dear Michael & Brenda,

We are so glad we found you at the Bangor Bridal Show. We had so much fun at the reception. You have very good ideas on keeping the crowd occupied. The “Kissing Game” was very entertaining. It was funny to see all the married couples get up and show everyone how to kiss. It’s kinda funny how some are still embarrassed after such a long time being married.

All my friends and family loved the variety of music offered to them. You guys are very creative and willing to help us make our own personal touches to make the day special. Thanks a lot for all that you two have done. We hope you had a good time with us. We had a blast! Thanks again for a great time!
